

INDUSTRIAL ELECTRICAL PRODUCTS

Mfg. of : "Dimmer Volt" Variable Auto Transformer,
"Servo Stabilizer" Electro Plating Rectifier

WELCOME TO APEX ELECTRICALS

APEX was established in 1990 with the sole view to manufacturing, supplying and exporting the most advanced, comprehensive & more significantly; the incomparably innovative range of electrical products.

We are Professional

Today, we are a team of professional engineers, designers, and workers working together and using our knowledge & experience to help new creativity.

We are Trusted

We have known each other for quite a while and even used to be adversaries. We know our team as a brilliant, professional, extreme and innovative one.

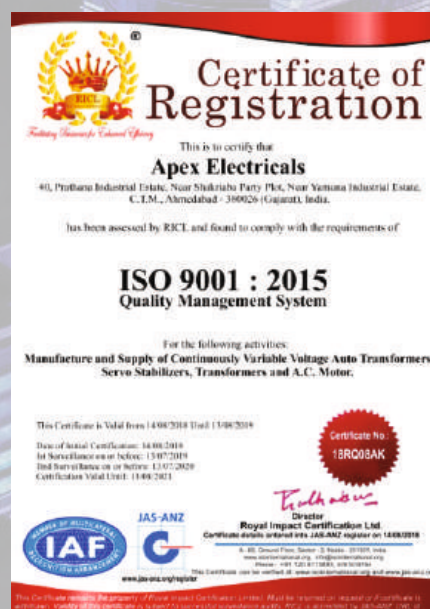

We are Expert

We are electrical industrial variac manufactures & supplier experts. We are provide services and support to our Customer which mainly use our brand.

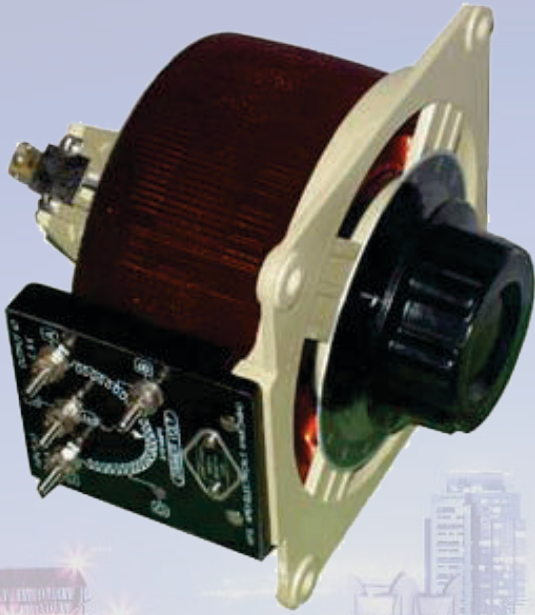

Vission & Mission

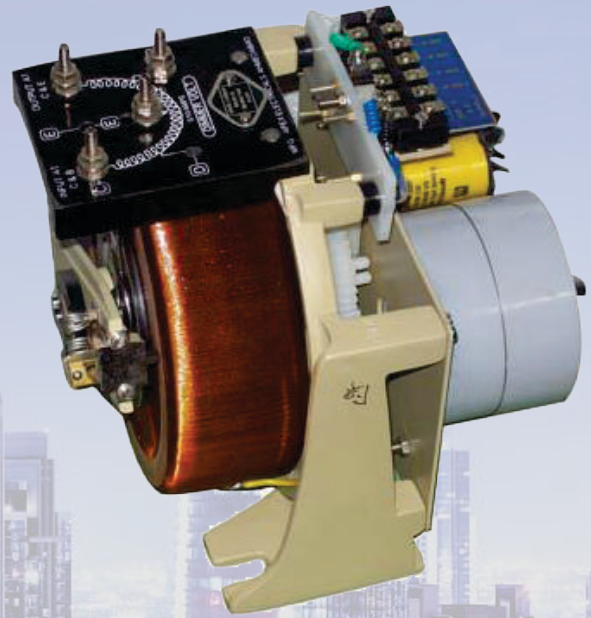

Having decades of experience in the field of electrical products, Apex Electricals is keen on manufacturing and exporting of high quality electrical that match the international standards. The products we deal in are valuable in various industries and our clients are happy with our services. We believe in delivering superior products at nominal rates so that our customers get the best in best prices. We add value to your purchase because you get the perfect electrical products that work perfect with no wave form distortion and give moderate temperature rise so that the machineries don't get heated up easily. Our simple, compact and easy to handle electrical parts give smooth control of output voltage and we deliver excellence in each of our product range. Our mission is to aid the industries with our trustworthy services and our vision is to provide the best products in the market so that we gain more trust from our potential clients.

OPEN TYPE VARIAC

Single Phase Open Variac Dimmer

Single Phase Open Motorized Variac Dimmer

Three Phase Open Motorized Variac Dimmer

Three Phase Open Variac Dimmer

Features :

- Silver plated commutator
- Brush arm
- Movable carbon tip
- Excellent in two phase electric supply
- Skilled in three phase electric supply
- Ultra-modern features
- Built for voltage correction in electric power network

Scope of Application :

- Research laboratories
- Anodizing industries
- Electroplating industries
- Servo stabilizers
- Textile machineries

CLOSE TYPE VARIAC

Three Phase Closed Motorized Variac Dimmer

Two Phase Closed Motorized Variac Dimmer

Features :

- Silver plated commutator
- Brush arm
- Movable carbon tip
- Excellent in two phase electric supply
- Rigid construction, lateral technologies
- Highly user-friendly
- Designed for voltage correction in electric power network and circuitry

Scope of Application :

- Anodizing industries
- Electroplating industries
- Research laboratories
- Servo stabilizers
- Textile machineries

AIR COOLED VARIAC

Three Phase Air Cooled Motorized Dimmer Variac

Three Phase Air Cooled Hand Operated Dimmer Variac

Features :

- Save your power
- Promises 98% efficiency
- Easily available in both Single and Three Phase models up to 300 Kva
- Delivers excellent performance
- Offers digital output facility

Scope of Application :

- Saves money with low maintenance cost
- Provides protection against voltage fluctuation
- Promises durability with a simple and rugged construction
- Excellent short time overloads capacity.
- Remote operation possible by motorization.

HAND OPERATED DIMMER

Single Phase Closed Hand Operated Dimmer

Three Phase Closed Hand Operated Dimmer

Features :

- Swift voltage correction
- Electrically insulated framework
- Sturdy wearing design
- Flawless operational control

Scope of Application :

- Anodizing industries
- Electroplating industries
- Research laboratories
- Servo stabilizers
- Textile machineries

OIL COOLED VARIAC

Three Phase Oil Cooled Motorized Variac Dimmer

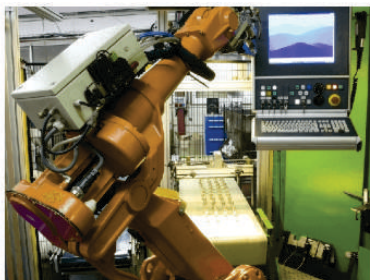

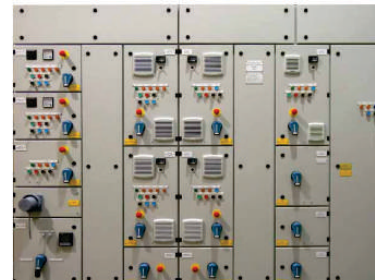

Features :

- 3 phase 415 volts output
- Skilled in three phase electric supply
- Starts with the basic units of 40AMPS rating
- Commendable voltage regulation

Scope of Application :

- Measuring and testing equipments
- Textile machineries
- Electroplating industries
- Anodizing industries

APPLICATIONS

OUR CLIENTS

Apex Electricals

40, Prathana Industrial Estate, Near Shakriba Party Plot, Jamfalwadi Road, Amraiwadi, CTM, Ahmedabad-380026, Gujarat (INDIA)
